

AUSTIN COOK'S

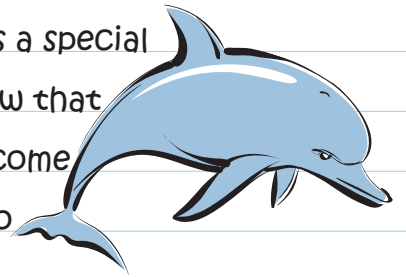

SCHMOONEY WORLD

Hey, it's Austin here. Boy, what a summer I had. I knew a summer in North Carolina with Uncle Steve would be fun, but who would've thought that I would become a local celebrity and have the greatest adventure of my life. Gosh I miss Sarah. I wonder what she is up to. I wonder if she is doing OK. Anyway, now that I'm back at school, I've got to get back in the swing of things and I thought it might be fun to make up this little newsletter with lots of fun and interesting things for us to do and learn together. I hope you enjoy it...

Austin

ANIMAL FACTS OF THE MONTH

Did you know that when a dolphin is sick or injured, it has a special sound that it can make in order for other dolphins to know that it is in trouble. The other dolphins will then immediately come to the hurt dolphin and try to help it get to the surface so that it can breathe?

Honeybees have hair on their eyes!!!

One in 5,000 North Atlantic lobsters are born bright blue.
